

Issues and Projects: Past, Present, & Future

Petitions to the EPA

CWAC is actively petitioning the EPA regarding Wisconsin's failure to implement provisions of the Safe Drinking Water Act. As a result, more protective manure spreading regulations in the form of NR151, have been implemented. We continue to seek additional ground water protections from the EPA.

Ban Manure Spraying to Protect Human Health

CWAC has helped put either a ban or a moratorium on liquid manure spraying in 17 towns. We can help your town ban the use of irrigation equipment to spray manure on agricultural fields.

Wastewater Discharge

CWAC reached a settlement with Utica Energy near Oshkosh that ended 2,390 days of wastewater discharge permit violations and contributed \$100,000 for Winnebago County watershed work.

Air Quality

In Green Bay, CWAC convinced the city council to rescind a permit for a gasification incinerator. In Appleton, attorneys representing CWAC helped improve air quality by negotiating a settlement for a Clean Air Act violation, which ended the use of a coal-fired boiler.

Fox River Clean-up

After years of CWAC efforts to get removal instead of capping Fox River PCBs, the clean-up is nearly complete from the Neenah/Menasha area to Green Bay.

CWAC is a leader in taking action on behalf of our members and the public!

Mission Statement

with any additional questions.*

*Legacies, memorials, and direct gifts to
Clean Water Action Council will ensure
a strong future for our organization.*

What is a planned gift?

In your will you can include gifts to CWAC in the following forms: cash, stock, property, and real estate. Gifts can also be included as a gift in a trust or with a beneficiary POD for a percentage of certificates of deposits, pensions, annuities, life insurance, and other similar investments.

Wills and trusts can designate a specific amount or percent of an estate to the beneficiary. Contact your financial planner to include CWAC in your will or trust.

Life insurance policies can be used to designate multiple beneficiaries, including CWAC. Contact your life insurance provider to include CWAC as a beneficiary in your policy.

Payable on death (PODs) designations can be placed on bank accounts, certificates of deposit, stocks, bonds, and pensions.
